Ms. Walsh is the Principal in Charge of Mechanical Engineering Services for OLA Consulting Engineers. In this role, Ms. Walsh oversees the technical and administrative aspects of mechanical engineering for the firm; including HVAC, plumbing, and fire protection disciplines. Ms. Walsh's responsibilities include staff training, design standards, quality assurance, and overseeing work distribution among the mechanical design teams. In addition to this management role, Ms. Walsh remains very active with her clients in project management and principal in charge roles.

Since joining OLA in 1993, Ms. Walsh has been the project manager and lead mechanical engineer on a number of the firm's major projects including the award winning Rosewood Mausoleum. She manages projects for many of the firm's corporate clients including Polo Ralph Lauren, MBIA Insurance, and Forest Laboratories. She has also been the lead mechanical engineer for several large retail centers including the Harlem Auto Mall, the redevelopment of Cross County Shopping Center in Yonkers, and The Junction retail center in Brooklyn, New York, as well as educational projects for Chappaqua School District, Katonah/Lewisboro Schools, and Pace University. Ms. Walsh is very active in the design of sustainable systems including a geothermal heating and air-conditioning system design at Dutchess Community College and a LEED Silver project for NYPD at the Brooklyn Naval Yard.

Ms. Walsh has extensive experience in the design of mechanical systems in the fields of HVAC, plumbing, and fire protection. Her strong project management skills are an asset to any project team, whether leading the design team in the prime consultant role or functioning as a sub-consultant.
